

Yarn Bombing Events

Stirling Health Care Village

As part of work to improve the outdoor space at Stirling Health Care Village, we have planned a series of community yarn bombing events. We started with poppies and are now continuing with:

Baubles for December

Anyone can take part, either as a formal community group, a bunch of friends, a group of staff or as an individual contributor. We are looking for as many baubles as possible to hang on the trees at Stirling Health Care Village to make an outdoor public display.

The baubles can be  knitted,  crocheted,  sewn,  pompoms or  any other way you would like to make them.

Completed baubles can be handed in any time up to **Wednesday 30th of November**. A box for your baubles can be found to the left of the RVS cafe in the main Outpatient building, at Stirling Health Care Village. Please phone or email elaine.cochrane@nhs.scot if you are taking part, so we can record the numbers of individuals taking part and the names of the groups.

There are lots of instructions out there for making pompoms or patterns for knitting, crocheting or sewing baubles which can be downloaded free of charge if you have access to the internet. If you can't get one this way, please get in touch with either:

Elaine Cochrane, Health Promotion Officer, NHS Forth Valley, 07825 861821
or

Kimberley Gray, FTfE Activities Coordinator, RVS Forth Valley, 07824 547865
